Dear student

Leaving school in year 11 is a huge milestone. This is the point where you choose the next vital steps towards launching your career. If you are leaving secondary school in summer 2017, I hope that this brochure will help to clarify the process of deciding which educational route is most suitable for you by providing useful information about the different options available to you in Southwark.

Whether you want to go on to A Levels, start an apprenticeship or undertake a traineeship, Southwark has opportunities for every school leaver who wants to learn, work or train. Whatever your future holds, there’s something in Southwark for you.

Don’t forget the council run a great apprenticeship scheme which allows you to earn and learn at the same time. Every year we offer a wide variety of placements enabling people to have a real chance to achieve their career ambitions. As a Southwark Council apprentice, you will work towards a nationally recognised qualification and also receive the London Living Wage. If you are interested, you can find out more at southwark.gov.uk/apprenticeships.

For more information on your options after GCSEs including further education, apprenticeships and job training, contact the participation, education and training team on 020 7525 4545.

Each sixth form has its own application process, either via its website or a specific form, so make sure you check the schools individual page in this brochure. I would also advise you to attend some of the open days so that you can tour the sixth forms or colleges and meet the teachers. That way you know you are choosing somewhere that is right for you and will allow you to thrive and meet your full potential.

Please let me know if you have any questions about post 16 education in Southwark. You can contact me by emailing victoria.mills@southwark.gov.uk or by calling 020 7525 1969.

I wish you the very best.

Victoria Mills
Cabinet member for children and schools, Southwark Council
Deciding what you want to do next

Post 16 timetable for September 2017 intake

| OCTOBER 2016 | › Attend sixth form/college open events.  
› Consider all your options. Would you prefer vocational or academic study, attending college or school, studying A levels or BTEC or starting a traineeship or apprenticeship?  
› Speak with your careers adviser at school to discuss your options or help you to fill out any applications. |
| NOVEMBER 2016 | › Use your school careers library to research career ideas.  
› Speak with relatives and teachers to discuss your options.  
› Visit [www.nationalcareersservice.direct.gov.uk](http://www.nationalcareersservice.direct.gov.uk) for impartial and practical help when thinking of your options.  
› Continue to attend sixth form/college open events.  
› Revise for your mock exams.  
› If you are interested in attending any particular colleges or sixth forms check their website to download the application pack. If you cannot find the application pack online then call the college/sixth form to post one out to you.  
› If you haven’t done so already, start writing out your applications and try to submit them early as some colleges and sixth forms fill up quickly. |
| DECEMBER 2016 | › If you are still unsure about what you would like to do and need help, speak to the careers adviser at your school or the Southwark’s participation, education and training team (for more information see page 53).  
› If you have not completed and submitted all your college/sixth form application forms already then you must make sure that you do this.  
› Prepare for and sit your mock exams. |
| JANUARY 2017 | › Sit your mock exams. |
| FEBRUARY 2017 | › Prepare for interviews. Your school’s careers adviser may be able to help. |
| MARCH 2017 | › Attend interviews when invited. |
### YOUR CHOICES

| APRIL 2017 | › Open a bank account if you do not have one already as you will need it when you are at college.  
› Create a GCSE revision plan, stick to it and keep on revising. |
| --- | --- |
| MAY 2017 | › Your GCSE exams will start.  
› Get your CV ready to look for part time work – this is really important if you want to do an apprenticeship. Southwark’s participation, education and training team will be able to help you (for more information see page 53).  
› Keep revising. |
| JUNE 2017 | › Continue to attend interviews - if you are unable to attend phone to reschedule the interview.  
› Continue to revise.  
› Keep an eye out for any apprenticeships that you may be interested in.  
› Look for part time work after your exams have finished. |
| JULY 2017 | › Have a break.  
› Try to get a part time job and develop your employability skills.  
› Get involved in summer activities. |
| AUGUST 2017 | › Make sure you are available to collect your GCSE results from school.  
› Attend the enrolment day at your chosen school or college.  
› Continue to apply for apprenticeships. |
| SEPTEMBER 2017 | › If you have not done so already, visit your chosen school or college to enrol.  
› Apply for the 16 to 19 bursary fund if you are eligible.  
› Prepare for and attend apprenticeship interviews.  
› Contact Southwark’s participation, education and training team if you have not secured a place on a course at a college/sixth form or an apprenticeship. |
Information on Raising the Participation Age (RPA)

What is ‘Raising the Participation Age’ (RPA)?
RPA is a duty placed on all young people by the Education and Skills Act (2008) to participate in education or training until their 18th birthday. Supported by parents/carers and schools, the government expects you to make your own decisions about how you wish to participate. The council provides advice and support to young people through Southwark’s participation, education and training team (see page 53 for more information about the team).

Why was it introduced?
By staying in learning and training you can gain the qualifications and skills you need to help you to succeed.
Advantages include:
› Making it easier to find and stay in a job
› Having the ability to earn and give you a greater choice of career path
› Being able to compete in the future local job market
› Providing pathways to opportunities where you can develop your qualifications and skills further in order to support your future career aspirations, for example higher education (university) or higher apprenticeships
› You will have a greater chance to develop the knowledge and practical skills that employers are looking for

Does this mean I will be staying at school until I am 18?
Once you complete your GCSEs and secondary education, there are a number of options available for you to choose from:
› Continue in full time education such as school, college or home based learning
› Start a work based learning programme such as an apprenticeship
› Start full time work alongside part time learning which leads to an accredited qualification
› Volunteer for a minimum of 20 hours alongside part time learning which leads to an accredited qualification
› If you have your own business and are self employed, you can combine this with part time learning which leads to an accredited qualification

What duty does Southwark Council have?
The council must:
› Meet the duty to ‘secure sufficient suitable education and training provision for all young people aged 16 to 18 in their area
› Promote the effective participation in education and training of 16 and 17 year olds in their area with a view to ensuring that those persons fulfil the duty to participate in education or training
› Make arrangements to track the activity of 16 and 17 year olds and identify those who are not participating in education or training or who have left provision to enable the local authority to offer support as soon as possible through Southwark’s participation, education and training team
› Identify those academic aged 18 year olds who need support to engage with education or find work and who are not already receiving support from their Jobcentre Plus
Choosing the right pathway for you

How to choose?
You may already have an idea about your future journey, such as applying for higher education or a particular career. Some careers and university courses require you to have qualifications in specific subjects. Speak to your careers adviser at school or an education and training adviser in Southwark’s participation, education and training team. Based on your talents and needs they can advise on the best decision for you.

If you are unsure, it is usually best to go with subjects you are likely to do well at and enjoy. You will still need to check what you can do with these subjects and try to keep your options open.

The following checklist may be useful for you to consider when thinking about which pathway is right for you:

- How does the course build on your strengths and interests?
- What will you be doing on the course and what will the workload be like?
- Where will the course lead you to and how do you think the qualification will bring you closer to your career goals?
- What will you need to do in order to achieve a good result?
- Is there someone you know who you can talk to about this option?
- Are there any other similar opportunities you could consider?

Foundation, pre-apprenticeship programmes and short courses
If you leave school in year 11 with no or few GCSEs, BTEC or other level 2 passes you may need to do some short courses or a pre-apprenticeship course.

A pre-apprenticeship course is a stepping stone to get into the industry of your choice. Completion of a pre-apprenticeship course will help to prepare you for the working environment in the selected industry, give you some basic skills, or improve your existing skills. This will help you to progress onto a level 2 course or a traineeship. There are also training providers who offer short courses or work experience to help you develop your employability skills or gain other types of qualifications relating to specific industries e.g. CSCS card, first aid, football coaching.

Applied general qualifications - BTECs level 1 to 3 / National Vocational Qualifications (NVQs)
These offer broad preparation for and introduction to a vocational area such as health and social care, travel and tourism, engineering, and performing arts. They combine academic study with practical learning. Some students study a BTEC level 3 alongside two A level courses.

Technical level qualifications
These prepare you for a specific career route such as engineering, hospitality, computing, animal care or accounting.

Technical level qualifications (tech levels) are for students who have a clear idea about the occupation they want. These are vocational courses and aim to equip students with the specialist knowledge they will need for a specific occupation. If you are not ready to start at level 3 you can start at level 2. Students who take one or more tech levels, a maths qualification at level 3 and undertake an extended project can achieve the Technical Baccalaureate.
Choosing the right pathway for you

**Academic qualifications – A levels**

A programme of A level reform has been underway and new A levels have been introduced from September 2015 and will be fully implemented by September 2017.

All A level exams will take place at the end of year 13, with no marks from AS levels (if you take these) contributing to the overall final grade.

**Traineeships**

A traineeship is real work experience with training. These are designed to help young people aged 16 to 24 gain the appropriate skills and experience needed to secure an apprenticeship.

They involve work preparation, work experience, maths and English. Unlike apprentices, trainees are not employed and can undertake the traineeship for six weeks or up to six months.

**Apprenticeships**

Apprenticeships are a route for students who want to gain qualifications, progress in a chosen career and earn a salary. They are a combination of work and college. You will gain a national recognised qualification. At college you learn practical, work-related tasks designed to help you develop the skills and knowledge to effectively do a particular job and then put it into practice, which provides the evidence of your competency for your qualification. There are a range of different job roles and qualifications with various employers across London.

You will need to apply for an apprenticeship by completing an application form. If the employer thinks you may be suitable, you will be invited to attend an interview and possibly take an assessment test.

Apprenticeships usually last up to one year to 18 months. Sometimes apprenticeships lead to a full time a job at the end of it.
## Which pathway is right for me?

<table>
<thead>
<tr>
<th>What is my current level/predicted grades?</th>
<th>What education or training courses can I study?</th>
<th>What can I do after I complete the course?</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 or more GCSE passes at grades 4-9/A*-C including English and Maths</td>
<td>A levels BTEC level 3 diploma or extended diploma or other level 3 vocational course advanced apprenticeship</td>
<td>Progress to university, a higher or degree level apprenticeship or employment</td>
</tr>
<tr>
<td>Less than 5 GCSE passes at grade 4/C or above or BTEC level 2. English or Maths at grade 3 or below</td>
<td>BTEC level 2 or 3 certificate, subsidiary diploma or other vocational level 2 course and Maths and English (often one year programmes)</td>
<td>Progress to a substantive level 3 course, an advanced apprenticeship or employment</td>
</tr>
<tr>
<td>Grades 1-3/D-G at GCSE or BTEC level 2 passes. Grades 1-3 at GCSE in Maths and English or Functional Skills level 1</td>
<td>BTEC level 2 certificate or other vocational Level 2 course plus Maths and English (often one year programmes)</td>
<td>Progress to a level 3 course, a traineeship, an intermediate apprenticeship or employment</td>
</tr>
<tr>
<td>No GCSE, BTEC or other level 2 passes</td>
<td>Foundation programme or pre-apprenticeship including Maths and English (one year or less)</td>
<td>Progress to a level 2 course, pre-apprenticeship course, a traineeship, or employment</td>
</tr>
</tbody>
</table>

There will be specific entry requirements for individual subjects and courses, and some subjects have higher entry requirements than others.

If you do not achieve a minimum of a grade 4/C at GCSE in Maths and English or level 2 Functional Skills, you will need to continue studying Maths and/or English.
Apprenticeships

Apprenticeships give you the opportunity to work, learn and earn all at the same time. You will work for a real employer alongside other experienced staff. You will be earning a salary, gaining valuable work experience and employability skills whilst also gaining a qualification.

Apprenticeships have increased at a record rate with 871,800 people earning and learning on an apprenticeship in the 2014/15 academic year.

Apprenticeships are available in 1500 job roles covering more than 170 industries, from advertising to youth work and environmental engineering and nuclear decommissioning. The government are looking to increase the number of apprenticeships that are available in the UK over the next few years and the council are committed to increasing the number of apprenticeships available across the borough.

Types of apprenticeship

You can apply for different types of apprenticeship based on your current skills and qualifications

- Intermediate level (level 2)
- Advanced level (level 3)
- Higher (level 4 or above)

Higher and degree apprenticeships, representing more than 100 different job roles, mean more specialised and highly skilled apprenticeships are being offered each year.

When can I start an apprenticeship?

If you live in England and are aged 16 or over you can apply to be an apprentice. You can start an apprenticeship on the first day after the last Friday in June (official school leaving date in England) as long as you are 16 or become 16 before 1 September of that year. You’ll need to be living in England and not in full time education.

How much will I earn?

From 1 October 2016 the minimum wage increased to £3.40 per hour, but many employers pay more than this. The average gross weekly wage for an apprentice is £200.00 (dependent on sector, region and level).

Training and qualifications

During your apprenticeship you will also receive training to gain a nationally recognised qualification in your chosen area. Your employer will be working with your training provider to ensure the programme is structured to support you to gain the skills you need for the job.

How do I find and apply for an apprenticeship?

Applying is easy with ‘find an apprenticeship’, the online vacancy site provided by the National Apprenticeship Service. You need to create an account, log all your information and set preferences before applying, usually by completing an online application form and answering a few questions set by the employer. This resource is available at www.gov.uk/apply-apprenticeship. At any one time, there are up to 28,000 apprenticeships available.

If you are in year 11 and are interested in applying for an apprenticeship, you can talk to an adviser from Southwark’s participation, education and training team by calling 020 7525 4545. They can advise you on what you need to do to ensure you are prepared and have the right skills to apply. They also receive weekly information on apprenticeship opportunities that might be suitable for you.
Do you live in Southwark? Are you looking for a well paid job?

Then an apprenticeship could be ideal for you. You’ll find opportunities with recognisable brands across all sectors, many paying the London Living Wage.

Whether you’re 16 or 55, unemployed or working in a low paid job, talk to us about the live apprenticeship vacancies we have.

You’ll get a dedicated consultant to help you find the right position, coach you through the interview process, help you with your CV and interview techniques and support you. This is what Step Ahead specialises in.

So if you want a job you can be happy in, with excellent long term prospects and a work based learning qualification, find out more by contacting Christie@stepahead.co.uk or call her on 020 7400 6276.
Where can you study or train?

At the end of year 11 you have a number of choices of where to study. It is worth doing some research into the places you are interested in applying to. You can find information on the internet as most education and training providers have a website. You can also attend open days or taster days to see what the college/sixth form is really like and whether you think it is right for you.

School sixth forms
School sixth forms primarily teach A levels but some may offer vocational courses such as BTECs at level 3. They also offer re-sits in GCSE Maths and English if you did not get a C or above the first time round. School sixth forms are smaller than most sixth form colleges and further education colleges. You do not usually have to wear a school uniform but smart clothing may be required and you will need to attend every day.

For further information please view page 16 onwards for school sixth forms in Southwark.

Sixth form colleges
Sixth form colleges are for 16 to 19 year olds. They have on average 1,200 students studying entry level up to A levels and BTEC nationals. Sixth form colleges offer a wide range of courses including applied courses. Although there are no sixth form colleges in Southwark there are a number in neighbouring boroughs that you can apply to.

For further information please view page 50 for a list of sixth form colleges outside of Southwark.

Further education colleges (FE colleges)
FE colleges offer a broad range of courses at all different levels including entry level, ESOL, GCSEs, A levels, BTECs, traineeships, apprenticeships and vocational and occupational courses.

There is no upper age limit of how old students can be and there may be thousands of students on site. The college may also have more than one site in various locations.

For further information please view page 50 for a list of further education colleges outside of Southwark.

University technical colleges (UTCs)
If you know the sector you wish to pursue a career in and want to develop specialist skills you may apply for a UTC. Technical specialisms include engineering, manufacturing, health sciences, product design, digital technologies and the built environment.

Training providers
If you did not gain any qualifications in year 11 you may need to take some short courses or combine education with employment or work experience.

There are a number of training providers in and around the borough that can offer courses in a wide range of subjects from hairdressing to FA coaching badges to CSCS cards.

For further information please contact Southwark’s participation, education and training team on 020 7525 4545.
What comes next?

Your choices after you have completed your chosen pathway at 18

University
Some professions (e.g. architecture, teaching or medicine) require a degree. Going to university gives you the chance to study a subject you are passionate about. In higher education you can develop valuable skills to give you a wider range of career opportunities. University can offer an environment rich in social and cultural experiences - a chance to become more independent, broaden your horizons and try out new interests.

For a few people, choosing a subject to study is simple – you will either be clear about your career path and need a specific degree to follow it or you have always had a passion for a particular subject. However, for most there is a bewildering variety of courses, many of which involve subjects that are not taught in schools or colleges. You will need to do your research to narrow your choices down.

For more information visit: www.ucas.com or www.university.which.co.uk

Higher and Degree Apprenticeships
A higher apprenticeship leads to a higher education level qualification (at level 4, 5, 6 or 7). Qualifications on offer include NVQ level 4, HNDs and foundation degrees. Degree apprenticeships offer a full bachelor or masters degree.

Apprenticeships usually last a minimum of one year, but at higher or degree level it could last between four to six years.

There are around 75 different higher and degree apprenticeships covering approximately 100 job roles, from accounting and advertising to aerospace engineering with new apprenticeships being developed all the time. You can even become a qualified solicitor. Not all jobs are represented yet, but more highly-skilled apprenticeships are popping up each year.

For more information visit www.getingofar.gov.uk or www.nationalcareersservice.direct.gov.uk

Employment
At 18 you can leave education and get a full time job. You can register on various job sites or with an agency which will give you access to a number of opportunities. For some top tips visit www.whatemployerswant.org/young-people/seeking-work/overview

Other routes
There are other routes you can follow once you have completed further education or an apprenticeship.

You can take a gap year, look for an internship, work or take a professional qualification or a distance learning course. For more Information visit www.notgoingtouni.co.uk

Ark Globe Academy

**Headteacher:** Matt Jones

**DfE number:** 210/6912

**Specialisms:** Maths and performing arts

**020 7407 6877**

**www.globeacademy.org**

**info@globeacademy.org**

**Harper Road, SE1 6AF**

---

**Courses and subjects offered:**

**A LEVEL SUBJECTS**

- Biology
- Chemistry
- Physics
- History
- Geography
- Philosophy
- Sociology
- Psychology
- French
- Spanish
- Computing
- English Literature
- Mathematics
- Further Mathematics

**LEVEL 3 SUBJECTS**

- Professional Pathways in Business (BTEC level 3)
- Professional Pathways in Sport (BTEC level 3)

**GCSE RE-SIT SUBJECTS**

- English
- Mathematics

---

**How to apply:**

For full details on how to apply, please visit the academy’s website.

**Academic entry requirements:**

- Five A* to C including English and Maths at GCSE.
- B or above at GCSE in the A level subjects chosen and related A levels (A in Maths or Science).

**Published admission number:**

The published admission number for year 12 is ten. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 50 of the academy’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 80.

---

**6th form open day/evening dates**

Please contact the academy directly for further information at s.donachy@globeacademy.org
Oversubscription criteria 2017 (summary):

Contact academy for full criteria
If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education, health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Looked after children and previously looked after children.

2. Children of staff at the school where there is a demonstrable skill shortage. Children of members of staff will have priority in the oversubscription criteria if the staff member is filling a post for which there is a demonstrable skill shortage. Priority will be limited to one place for each form of entry in any year.

3. Children who at the time of the admission have a sibling who attends the academy. For this purpose “sibling” means a whole, half or step-brother or half-sister or an adopted child resident at the same address.

4. Children of staff in the school. Where there is no demonstrable skill shortage, priority may be given where the academy is oversubscribed to a child of a person who will have been employed in the academy for two or more years at the time the application for admission is made. Priority will be limited to one place for each form of entry in any year.

5. Distance measurement. Priority will be given to those children who live closest to the school using a straight-line measurement taken from the academy building’s main reception to the main entrance of the child’s home.

“I am so grateful for the opportunities I have been given at Ark Globe. I feel equipped and ready for university not just academically but holistically. I’m excited to start a new chapter of my life but will always be proud to belong to such a dynamic and inclusive community.”

Charlie Berry, year 13: Unconditional offer to study Geography at University of Birmingham
Ark Walworth Academy

Headteacher: Yvonne Powell
DfE number: 210/6909
Specialisms: Mathematics, finance and investment

How to apply:
For full details on how to apply, please visit the academy’s website.

Academic entry requirements:
Minimum five A* to C GCSE including English and Maths for entry. A level pathway will require B grades in named related subjects. Please see website for full details of the specific entry criteria for each.

Published admission number:
The published admission number for year 12 is ten. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 70 of the academy’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 80.

Courses and subjects offered:

A LEVEL SUBJECTS
- Chemistry
- Biology
- Physics
- Maths
- Further Maths
- Economics
- English Literature
- French
- Psychology
- Sociology
- Art

LEVEL 3 SUBJECTS
- BTEC Applied Science
- BTEC Engineering
- BTEC Business Studies
- BTEC IT Practitioner
- Professional pathway – BTEC Business Studies including professional qualification in finance and investment

6TH FORM OPEN DAY/EVENING DATES

www.walworthacademy.org
info@walworthacademy.org
Oversubscription criteria 2017 (summary):

Contact academy for full criteria

Where the academy is named on a pupil's statement of special educational needs or education health and care plan, that child will be admitted by the academy. If the number of applications for admission to the sixth form is greater than the published admission number, applications will be considered as follows:

1. Looked after children and children who have been previously looked after.

2. Children of staff at the school where there is a demonstrable skill shortage. Children of members of staff will have priority in the oversubscription criteria if the staff member is filling a post for which there is a demonstrable skill shortage. Priority will be limited to one place for each form of entry in any year.

3. Children who at the time of the admission have a sibling who attends the academy. For this purpose “sibling” means a whole, half or step-brother or -sister or an adopted child resident at the same address.

4. Children of staff in the school. Where there is no demonstrable skill shortage, priority may be given where the academy is oversubscribed to a child of a person who will have been employed in the academy for two or more years at the time the application for admission is made. Priority will be limited to one place for each form of entry in any year.

5. Distance measurement using a straight line route. A child's home will be the address at which the child normally resides and which has been notified to the academy and other relevant agencies as being the child's normal place of residence.

## Courses and subjects offered:

### A LEVEL SUBJECTS
- Biology
- Business Studies
- Chemistry
- Computer Science
- Economics
- English Language
- English Literature
- Fine Art
- French
- Further Mathematics
- Geography
- Graphic Design
- History
- Mathematics
- Media Studies
- Music
- Religious Studies, Philosophy and Ethics
- Physics
- Product Design
- Psychology
- Sociology
- Textiles

### LEVEL 3 SUBJECTS
- Business Studies (Single Award)
- I.T. (Double Award)
- Media (Double Award)
- Sport and Physical Activity (Double Award)

### GCSE RE-SIT SUBJECTS
- English
- Mathematics

## How to apply:

For full details on how to apply, please visit the academy’s website.

## Academic entry requirements:

### A levels
- Students must achieve at least five higher grades, including Mathematics and English Language, with B grades in the subjects they wish to study. A grade 5 will be the standard expectation for English Language and Mathematics under the new GCSE assessment framework. There may also be a requirement to have studied certain subjects at GCSE in order to be accepted onto identified A level subjects.

### Vocational
- Students must achieve at least five higher grades, including Mathematics and English Language, with C grades in the vocational subjects they wish to study. A grade 5 will be the standard expectation for English Language and Mathematics under the new GCSE assessment framework.
- All students are expected to study the equivalent of four A levels in year 12 which is reviewed at the end of the academic year before progressing into year 13.

## 6TH FORM OPEN DAY/ EVENING DATES

Please contact the college for further information
Published admission number:
The published admission number for year 12 is 50. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 70 of the academy’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 120.

Oversubscription criteria 2017 (summary):

Contact college for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Looked after children and previously looked after children
2. Random allocation

“What is it like to study here?”

“Studying at Bacon’s College has been a really enjoyable experience due to the relaxed atmosphere and friendly staff. There is lots of support available and teaching is of a high standard with excellent A level results. We are very lucky at Bacon’s as we have a fantastic support network and are constantly being emailed with amazing opportunities. There are also many leadership opportunities available such as being part of the fantastic mediation service or even the student leadership team.”

Kezia Herzog (Head Girl, studying English Literature, Philosophy and Ethics, Geography and Mathematics)
### Courses and subjects offered:

#### A LEVEL SUBJECTS
- Art
- English Literature
- French
- History
- Geography
- Biology
- Chemistry
- Physics
- Mathematics
- Sociology

#### LEVEL 3 SUBJECTS
- Core Maths
- BTEC Business Studies Extended Diploma

### Academic entry requirements:

**Four A levels**
- Minimum of five A* to B grades in full course GCSE subjects
- Minimum grade 6 in GCSE English and Maths
- Minimum B grades in subjects continuing to A level
- For A level Sociology, minimum of B in any Humanities subject

**Three A levels**
- Minimum of three A* to C grades and at least a grade 6 in English and Maths
- Minimum of B grades in subjects continuing on into A level

**Vocational plus one A level**
- Minimum of five A* to C including at least a grade 5 in English and Maths and a B grade at the GCSE subject wishing to be studied at A level

**Vocational only and English or maths re-sit (if GCSE below C)**
- Minimum of five A* to C including minimum grade 5 in English and/or Maths

### Published admission number:

The published admission number for year 12 is 15. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 45 of the academy’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 60.
Oversubscription criteria 2017 (summary):

Contact academy for full criteria

If year 12 is oversubscribed, after the admission of students with special educational needs where the academy is named on the statement or educational health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements for 2017:

1. Looked after children and children who were looked after
2. Students for whom it is essential that they be admitted to the academy due to significant medical or social needs
3. Sibling (including, half, step foster and adopted siblings) of those currently on the roll of the academy at the time of admission, not at the time of application

“Choosing to study here was one of the wisest decisions I have ever made. Every teacher ensures we are constantly pushed to strive for the very best so that we receive the maximum opportunity to succeed. I hope to achieve amazing A level results in the summer of 2017, which will allow me to receive a place at a Russell Group University.”

Morgan, studying A levels in History, Biology, English Literature and Mathematics

“The quality of teaching is significantly high and has allowed me to take a different approach to learning more challenging A level courses. This has enabled me to achieve goals beyond my own expectations.”

Brandon, studying A levels in English Literature, Psychology and Sociology (year 12)
Kingsdale Foundation School

Headteacher: Mr S H Morrison
DfE number: 210/4265
Specialisms: Mathematics and Performing Arts

How to apply:
For full details on how to apply, please visit the school’s website.

Academic entry requirements:
A levels
- Minimum of six A* to B GCSE grades including English and Mathematics. Individual subjects may require specific grades to enable study of a designated course.

Level 2 transition courses
- Minimum of five GCSEs at grades D or equivalent including a minimum of three GCSEs at a grade C or above, one of which must be English or Mathematics.

For further information please refer to the school’s post 16 prospectus and application pack.

Published admission number:
The published admission number for year 12 is 25. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 75 of the academy’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 100.
Oversubscription criteria 2017 (summary):

Contact academy for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Children in public care (looked after children) or children who were looked after but ceased to be so because they were adopted (or became subject to a residence or special guardianship order) i.e. previously looked after (see Note 5 of Kingsdale’s admission policy).

2. Where professional evidence indicates that there are particular psychological, medical or social needs which the school’s learning support faculty agrees only Kingsdale has the capability of addressing or meeting and significant difficulties would arise were the applicant to attend a different school (see Note 7 of Kingsdale’s admission policy).

3. Students will be ranked by their average point score for their best five qualifying subjects for the course they wish to study.

4. Random allocation. This process will be supervised by a person not employed by or independent of the school (see Note 8 of Kingsdale’s admission policy).

Oversubscription criteria 2017 (summary):

WHAT IS IT LIKE TO STUDY HERE?

“Opportunity is the word that defines Kingsdale. It is a school that recognises hard-work and then rewards it more than proportionately. Throughout my two years sixth form study I have been afforded various opportunities from learning to fly to doing work experience at the United Nations. The high standards set by Kingsdale have enabled me to study at Oxford University next year.”

Josh, year 13 student

6TH FORM OPEN DAY/EVENING DATES

Wednesday 9 November 2016
Wednesday 30 November 2016

WHAT IS IT LIKE TO STUDY HERE?

“There are always teachers available to help outside of lesson time. Teachers allow us to think independently and enlighten us and have been wonderful, their help is top quality and passion inspiring.”

Student studying at Sacred Heart Sixth Form
Oversubscription criteria 2017 (summary):

Contact academy for full criteria

In the event of oversubscription places will be offered in the order of priority that appears under the points below:

1. Catholic looked after children who meet the entry requirements, who will be offered places in the following order of over-subscription
2. Looked after catholic children or looked after children in the care of catholic families and previously looked after catholic children who have been adopted
3. Children who, together with one or both parents, are baptised, practising members of the Catholic Church and are resident in the Camberwell, Cathedral or Lambeth Deaneries
4. Children who are baptised members of the Catholic church and are resident in the Camberwell, Cathedral or Lambeth Deaneries
5. Children who are baptised members of the Catholic church
6. Other looked after children or looked after children and other previously looked after children who have been adopted or who have become the subject of a residence or guardianship order
7. Children who are baptised members of Historic Eastern churches
8. Children who are members of churches that are part of Churches Together in England
9. Any other applicants

6TH FORM OPEN DAY/EVENING DATES

Please check the academy’s website for further information
St Michael’s Catholic College

| Headteacher: | Mrs. Grainne Grabowski |
| DfE number: | 210/5403 |
| Specialisms: | Business and Languages |

**How to apply:**
For full details on how to apply, please visit the academy’s website.

**Academic entry requirements:**
- Five A* to B grade (or level 6 grade) GCSEs in five separate subjects to follow all level 3 courses (BTEC, OCR National and Cambridge technical courses will be classed as one subject). Individual subjects also have specific entry requirements and to be enrolled onto courses, students will need to meet these. All students are required to have a grade 5 or equivalent in both English and Maths to study any level 3 qualifications within the college.
- Student are required to have an A or A* (or level 7 grade) at GCSE to study A level Maths, Physics, Chemistry or Biology.

**Published admission number:**
The published admission number for year 12 is ten. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 90 of the academy’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 100.

Oversubscription criteria 2017 (summary): Contact academy for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Looked after Catholic children or looked after children in the care of Catholic families and previously looked after Catholic children who have been adopted or who have become the subject of a residence or guardianship order who meet the academic entry requirements

2. Other Catholic applicants who submit their application by the given deadline and who meet the academic entry requirements

3. Other looked after children and other previously looked after children who have been adopted or who have become the subject of a residency or guardianship order and who meet the academic entry requirements

4. Other applicants who wish to pursue their education in a Christian context, who support the Catholic ethos of the college and who submit their application by the given deadline and who meet the academic entry requirements

In the event of oversubscription in any of the above categories, as long as all students meet the academic entry criteria by subject then priority will be given to students who firstly have a sibling attending the college and following that by students who live nearest to the college.

St Michael’s Catholic College

“What is it like to study here?

“For me St Michael’s Sixth Form was the only choice, the teachers here know me so well and will support me to achieve the highest grades, just like they did with my GCSEs.”

Omar, year 13 Maths, Physics, Chemistry and Further Maths student

6th form open day/evening dates

Please contact the academy directly for further information
How to apply:
For full details on how to apply, please visit the school’s website.

Academic entry requirements:
- The applicant must meet the minimum academic requirement of five GCSEs at A* to C including English and Maths to study level 3 courses. They must also meet the minimum grade requirements of the subjects they wish to study in order to be admitted onto individual courses.
- The individual subject entry requirements are to be found in the subject and course specific information contained in the school’s sixth form prospectus.

Published admission number:
The published admission number for year 12 is ten. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 90 of the school’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 100.
Oversubscription criteria 2017 (summary):

Contact school for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education health and care plan, the criteria will be applied in the order set out to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Looked after children and previously looked after children.

2. Children who live the shortest distance from the school. This will be measured in a straight line from the main entrance of the child’s home address to the main entrance of the school.

“...The best thing about the sixth form is our friendships – we all respect each other and we have a close bond even though we come from diverse backgrounds. We have good resources and a lot of educational support such as one to ones and study support.”

Student studying at St Saviour’s and St Olave’s School Sixth Form
**St Thomas the Apostle College**

**Headteacher:** Mr E Connolly

**DfE number:** 210/5402

**Specialisms:** n/a

**How to apply:**
For full details on how to apply, please visit the school’s website.

**Academic entry requirements:**

**Academic A level route**
- Both internal and external students must gain a minimum of grade 5 in English and Maths and five other GCSE grades A* to C.
- Both internal and external students must achieve the subject specific requirements as stated in the school’s course guide (available on the school’s website). Typically, this is a GCSE B grade in the subject to be studied at A level.

**Vocational BTEC route**
- Internal and external students must gain a minimum of grade 5 in English and Maths and three other GCSEs grade A* to C.

**Published admission number:**
The published admission number for year 12 is 15. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 85 of the school’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 100.

**6TH FORM OPEN DAY/EVENING DATES**

**Thursday 24 November 2016**

5pm to 7.30pm
Oversubscription criteria 2017 (summary):

Contact school for full criteria

Applicants with an education, health and care plan (EHC) will be eligible for admittance in accordance with section 324 of the Education Act 1996.

The oversubscription criteria only applies to external applicants. If there are more applications than places available in the published admission number, (15 places), the criteria will be applied in the following order to determine which students should be offered places. After applicants with an EHC, places will be offered in the following priority order:

1. Applicants who are looked after children and other previously looked after after children who have been adopted or who have become the subject of a residence or guardianship order. Please note that children in private fostering arrangements are not considered looked after children.

2. Applicants who are baptised Catholics.

3. Applicants who have a sibling currently at St Thomas the Apostle College. (For example, the sister of a current pupil at the College). This would include step siblings, adopted siblings and half siblings living permanently at the same address.

4. Applicants whose permanent residence is closest to the College. This final criteria will act as a tie-breaker for two otherwise identical applicants. If two or more applicants are deemed to live at identical distance from the College, places will be decided by the drawing of lots.

In the event that a course is oversubscribed (typically more than 15 successful applicants to an A level class, 12 students per BTEC class) places will be offered on alternative courses that have spaces available. Students will fill a course allocation in order of GCSE average points score (APS) order in best eight GCSEs. Every effort will be reasonably made to accommodate all successful applicants’ combination of course choices.

“...
How to apply:
For full details on how to apply, please visit the academy's website.

Academic entry requirements:
The current entry requirements are five A* to C grades at GCSE including English Language and Mathematics. Any changes to the new entry requirements will be published on the school's website.

Published admission number:
The published admission number for year 12 is 60. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 120 of the academy’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 180 pupils.
Oversubscription criteria 2017 (summary):

Contact academy for full criteria

Priority is given to pupils already enrolled at The Charter School, where there are appropriate courses. In the event of oversubscription, priority will be given to ‘external’ applicants in accordance with the criteria set out below:

1. Looked after children and previously looked after children
2. Children with siblings who are already on roll at The Charter School and will still be on roll at their date of entry
3. Children with exceptional medical, psychological or social needs which mean that The Charter School is the most suitable school to best address their needs
4. Other children living closest to the school by the shortest straight line measurement

“The staff are great and we receive so much extra support from our teachers. They always encourage me to strive and become the best student I can be.”

Temi Gordons, year 11 (Biology, Chemistry and Mathematics)
The City of London Academy

**Principal:** Mr Richard Bannister MA  
**DfE number:** 210/6905  
**Specialisms:** Information technology, business and sport, basketball

**How to apply:**
For full details on how to apply, please visit the academy's website.

**Academic entry requirements:**
**Level 3 study**
› All students will have to meet the basic entry requirement of five GCSE grades A* to C including English and Maths at grade 5 and must also meet individual subject requirements.

› For more information please view the City of London Academy's sixth form brochure.

**Sports specialism in basketball**
› Prospective students in years 12 and 13 are able to complete a skills based assessment that evaluates their skills in basketball. Each year the academy is able to allocate up to ten places to students through this specialism. Students will be selected on the basis of our sports specialism in basketball, based on skills based assessment.

› Please note the tests are open to all applicants. This test will take place at the City of London Academy.

**Published admission number:**
The published admission number for year 12 is 25. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 175 of the academy’s own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 200.
Oversubscription criteria 2017 (summary):

Contact academy for full criteria

If Year 12 is oversubscribed then, after the admission of students with special educational needs where the academy is named on the statement or education health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the post 16 entry and course requirements:

1. Looked after children and previously looked after children

2. Applicants who live nearest to the school measured by the shortest safe walking distance from the child’s home to the corner of Lynton Road and St. John’s Road by the main academy building

3. Where the distance tie-break does not produce a clear outcome (i.e. two children live precisely the same distance from the school), the place will be determined by random allocation supervised by a person independent of the school

“I love the City of London Academy and enjoy studying here. Students have access to a wide range opportunities, preparation for the world of work and are offered various trips. We are fully prepared and support for the next stage of our lives.”

How to apply:
For full details on how to apply, please visit the academy's website.

Academic entry requirements:

**Biology, Chemistry and Physics**
- Grade B in the subject you wish to study. If you have not previously studied these subjects you must achieve two A grades in Double Science or Core and Additional Science. You must also achieve a grade A in GCSE Mathematics if you wish to study Physics and a grade B if you wish to study either Chemistry or Biology.

**Computer Science**
- GCSE grade A in Mathematics

**Engineering**
- Grade B in both Core and Additional Science (equivalent to two GCSEs). Please note a preference will be given to those who also achieve a grade B in GCSE Product Design or Design and Technology

**Further Mathematics**
- GCSE grade A* in Mathematics

**Mathematics**
- GCSE grade A in Mathematics

**Spanish**
- GCSE grade B in Spanish

Southwark’s participation, education and training team

Southwark’s participation, education and training team (PET) offer independent information, advice and guidance to young people in Southwark. We want to ensure that all 16 to 19 year olds in Southwark are aware of the choices and opportunities open to them to enable them to achieve sustained economic independence in adulthood.

The main focus of Southwark’s participation, education and training team is to work with young people who are Not in Education, Employment or Training (NEET) or at risk of becoming NEET. All young people identified as NEET are allocated an education and training advisor to support them back into Education, Employment or Training (EET).

The service offers support with advice on post 16 pathways and provision, CV writing, confidence building, support with making phone calls to employers, application forms (college, university or employment), job search, national apprenticeship registration, interview techniques and preparation.

The Southwark participation, education and training team will also signpost young people to other services to address any barriers to learning that the young person may be facing e.g. housing, social care, health services etc.

The team run the careers and learning mentoring (CALM) programme which is a European social fund programme that offers one to one mentoring support to young people aged 16 to 24 who are NEET to support them to re-engage. You can view further information on the CALM programme at page 54.

The service is matrix accredited which is the international quality standard for organisations that deliver information and/or advice and guidance (IAG).

Young people can attend a drop in service every Monday and Thursday between 10am and 4pm alternatively, appointments can be booked by calling Southwark’s participation, education and training team on 020 7525 4545.
Careers and Learning Mentoring (CALM)

What is CALM?
CALM (Careers and Learning Mentoring) is a European Social Fund programme to support the participation of 16 to 24 year olds in education, employment or training. Our aim is to support you to progress in life whether that be, through gaining further qualifications, learning on the job or getting a job where you earn the London Living Wage.

Who is the programme for?
To be eligible for the programme you must meet the following criteria:

**Cohort 1**
- Be aged 16 to 18
- Not be engaged in education, employment or training

**Cohort 2**
- Be aged 19 to 24
- Be unemployed but not claiming job seekers allowance

The CALMS programme is six months long and broken down into phases

**Assessment and plan**
- Individual initial assessment using Prospects resilience assessment and mentoring tool
- Skills diagnostic to assess levels of literacy/numeracy
- Enrolment on to Barclays life skills digital media learning experience
- Progression/action plan into employment, education or training

**Progression**
- Bespoke re-engagement activities to enable you to fulfil your individual needs
- Engagement in full time education, employment (30 hours a week) or training

**Sustainment**
- Review at three and six months (whether in employment, education or training or not)
- Remain in education, employment or training for six months, and hopefully longer

Throughout the six months of your journey we will provide you with impartial information, advice and guidance on a one-to-one or group basis to enable you to make positive choices to help you move forward in life. Help with costs and equipment will be available.

How is the CALM programme delivered?
Every young person will have a qualified and experienced resilience mentor to support them throughout the programme. They will:
- Prepare with you your progression/action plan, providing support when you need it and identifying activities that will help you to progress
- Offer bespoke mentoring, job search, employability skills and one-to-one support
- Refer you on to mainstream and targeted provision
- Continue to support you and review your progression throughout the six months, no matter what stage you are at

How to access the programme
To find out if the programme is right for you or a young person you know please contact:
- khalis.miah@southwark.gov.uk
- kona.katembwe@southwark.gov.uk
- 020 7525 4545
- www.southwark.gov.uk/CALM

Alternatively come along to one of our drop in sessions held on Mondays and Thursdays, 10am to 4pm at 18 St Marys Road, Peckham, SE15 2DW.
Southwark’s Local Offer provides information about the services and opportunities available locally to children, young people and their families.

Please visit us at www.localoffer.southwark.gov.uk or contact Southwark IAS if you prefer to speak to one of the team.

Financial support

As a 16 to 19 year old student you may be able to get help with money. There are different types of funding you may be able to claim.

16 to 19 bursary fund
There are two types of 16 to 19 bursaries available.

Vulnerable student bursary
You could get a bursary worth up to £1,200 depending on your circumstances.

This group includes:
› People in care
› Care leavers
› People claiming income support
› Disabled young people who receive Employment Support Allowance and Disability Living Allowance

Discretionary bursary
You could get a discretionary bursary if you need financial help but don’t qualify for a vulnerable student bursary. Your education or training provider decides how much you get and what it is used for.

How is your bursary is paid?
Your education or training provider will decide how you get your bursary. You might be:
› Paid in full or in installments
› Paid in cash, by cheque or through a bank account
› Given things like a travel pass, free meals or books instead of money

Benefits
The general rule on benefits is that if you are under 18 you cannot make a claim for any benefits. Your parents/carers will still get any child benefit or other benefits they already receive as long as you are under 19 and in full time education. If you are not engaged and not meeting the RPA requirements benefits may be stopped.

If however you are living away from your parents, out of necessity, or have family to support you may be able to make a claim.

For more information contact Southwark’s participation, education and training team on 020 7525 4545 or your local Job Centre Plus on 0345 606 0234.

Care to learn
You can claim care to learn if you are under 20, caring for your own child and doing a school and college course or training programme that receives public funding (fathers are eligible if they are the main carers). An application can be made as soon as you have a confirmed offer of a course.

For more information please visit www.gov.uk/care-to-learn

Dance and Drama Awards (DADA)
These awards are available at 19 accredited dance and drama schools. The professional courses cover acting, dance, musical theatre and production skills. You must be 16 or over and show talent and a likelihood to succeed in the industry. A dance and drama award can help you pay for your tuition fees and towards living costs. The amount you get depends on your household income and where you live and study.

For more information on these awards please visit www.gov.uk/dance-drama-awards
Other financial support

Travel
If you are in full time learning you can apply for a 16+ Zip Oyster card. There is a fee of £20 and you will need a colour digital photo and an email address. To apply online and for more information go to www.tfl.gov.uk/fares-and-payments/travel-for-under-18s/zip-oyster-photocards or visit your local post office.

Additional funding
If you are facing difficulties some learning providers do have additional funding to help pay for books, equipment on field trips. You can discuss this with your tutor or student support department. Other allowances may also be available on other work based learning courses.
